Crafting Dreams. Creating Memories.

EBONY DESIGNERS STUDIO

Designing Spaces. Elevating Lives.

Luxury in
Harmony

Managing Director's Message

At Ebony Designers, we are passionate about creating luxurious and bespoke interior spaces that reflect the unique style and vision of our clients. With years of experience and expertise in the industry, our team of skilled designers and craftsmen are dedicated to delivering exceptional quality and personalized service.

Our commitment to innovation, attention to detail, and commitment to excellence has made us a leading name in Sri Lanka's luxury interior design industry. We have been recognized globally for our work, receiving prestigious awards such as the Global Synergy Awards for our outstanding contributions to interior design.

We leverage cutting-edge technology and innovative design approaches to create spaces that are not only beautiful but also functional and sustainable. Our team of expert staff with international expertise brings a wealth of knowledge and experience to every project, ensuring that every detail is meticulously executed.

Our mission is to transform spaces and elevate lives through design excellence and unmatched craftsmanship.

Radika Prabath Amarasiri

MANAGING DIRECTOR

EBONY DESIGNERS INTERNATIONAL STUDIO PVT LTD

- **30+ Years Experience** — Team trained at IKEA Group, Abans, Alpha Industries
- **Turnkey Projects** — From concept to installation for residential, hospitality, and commercial spaces

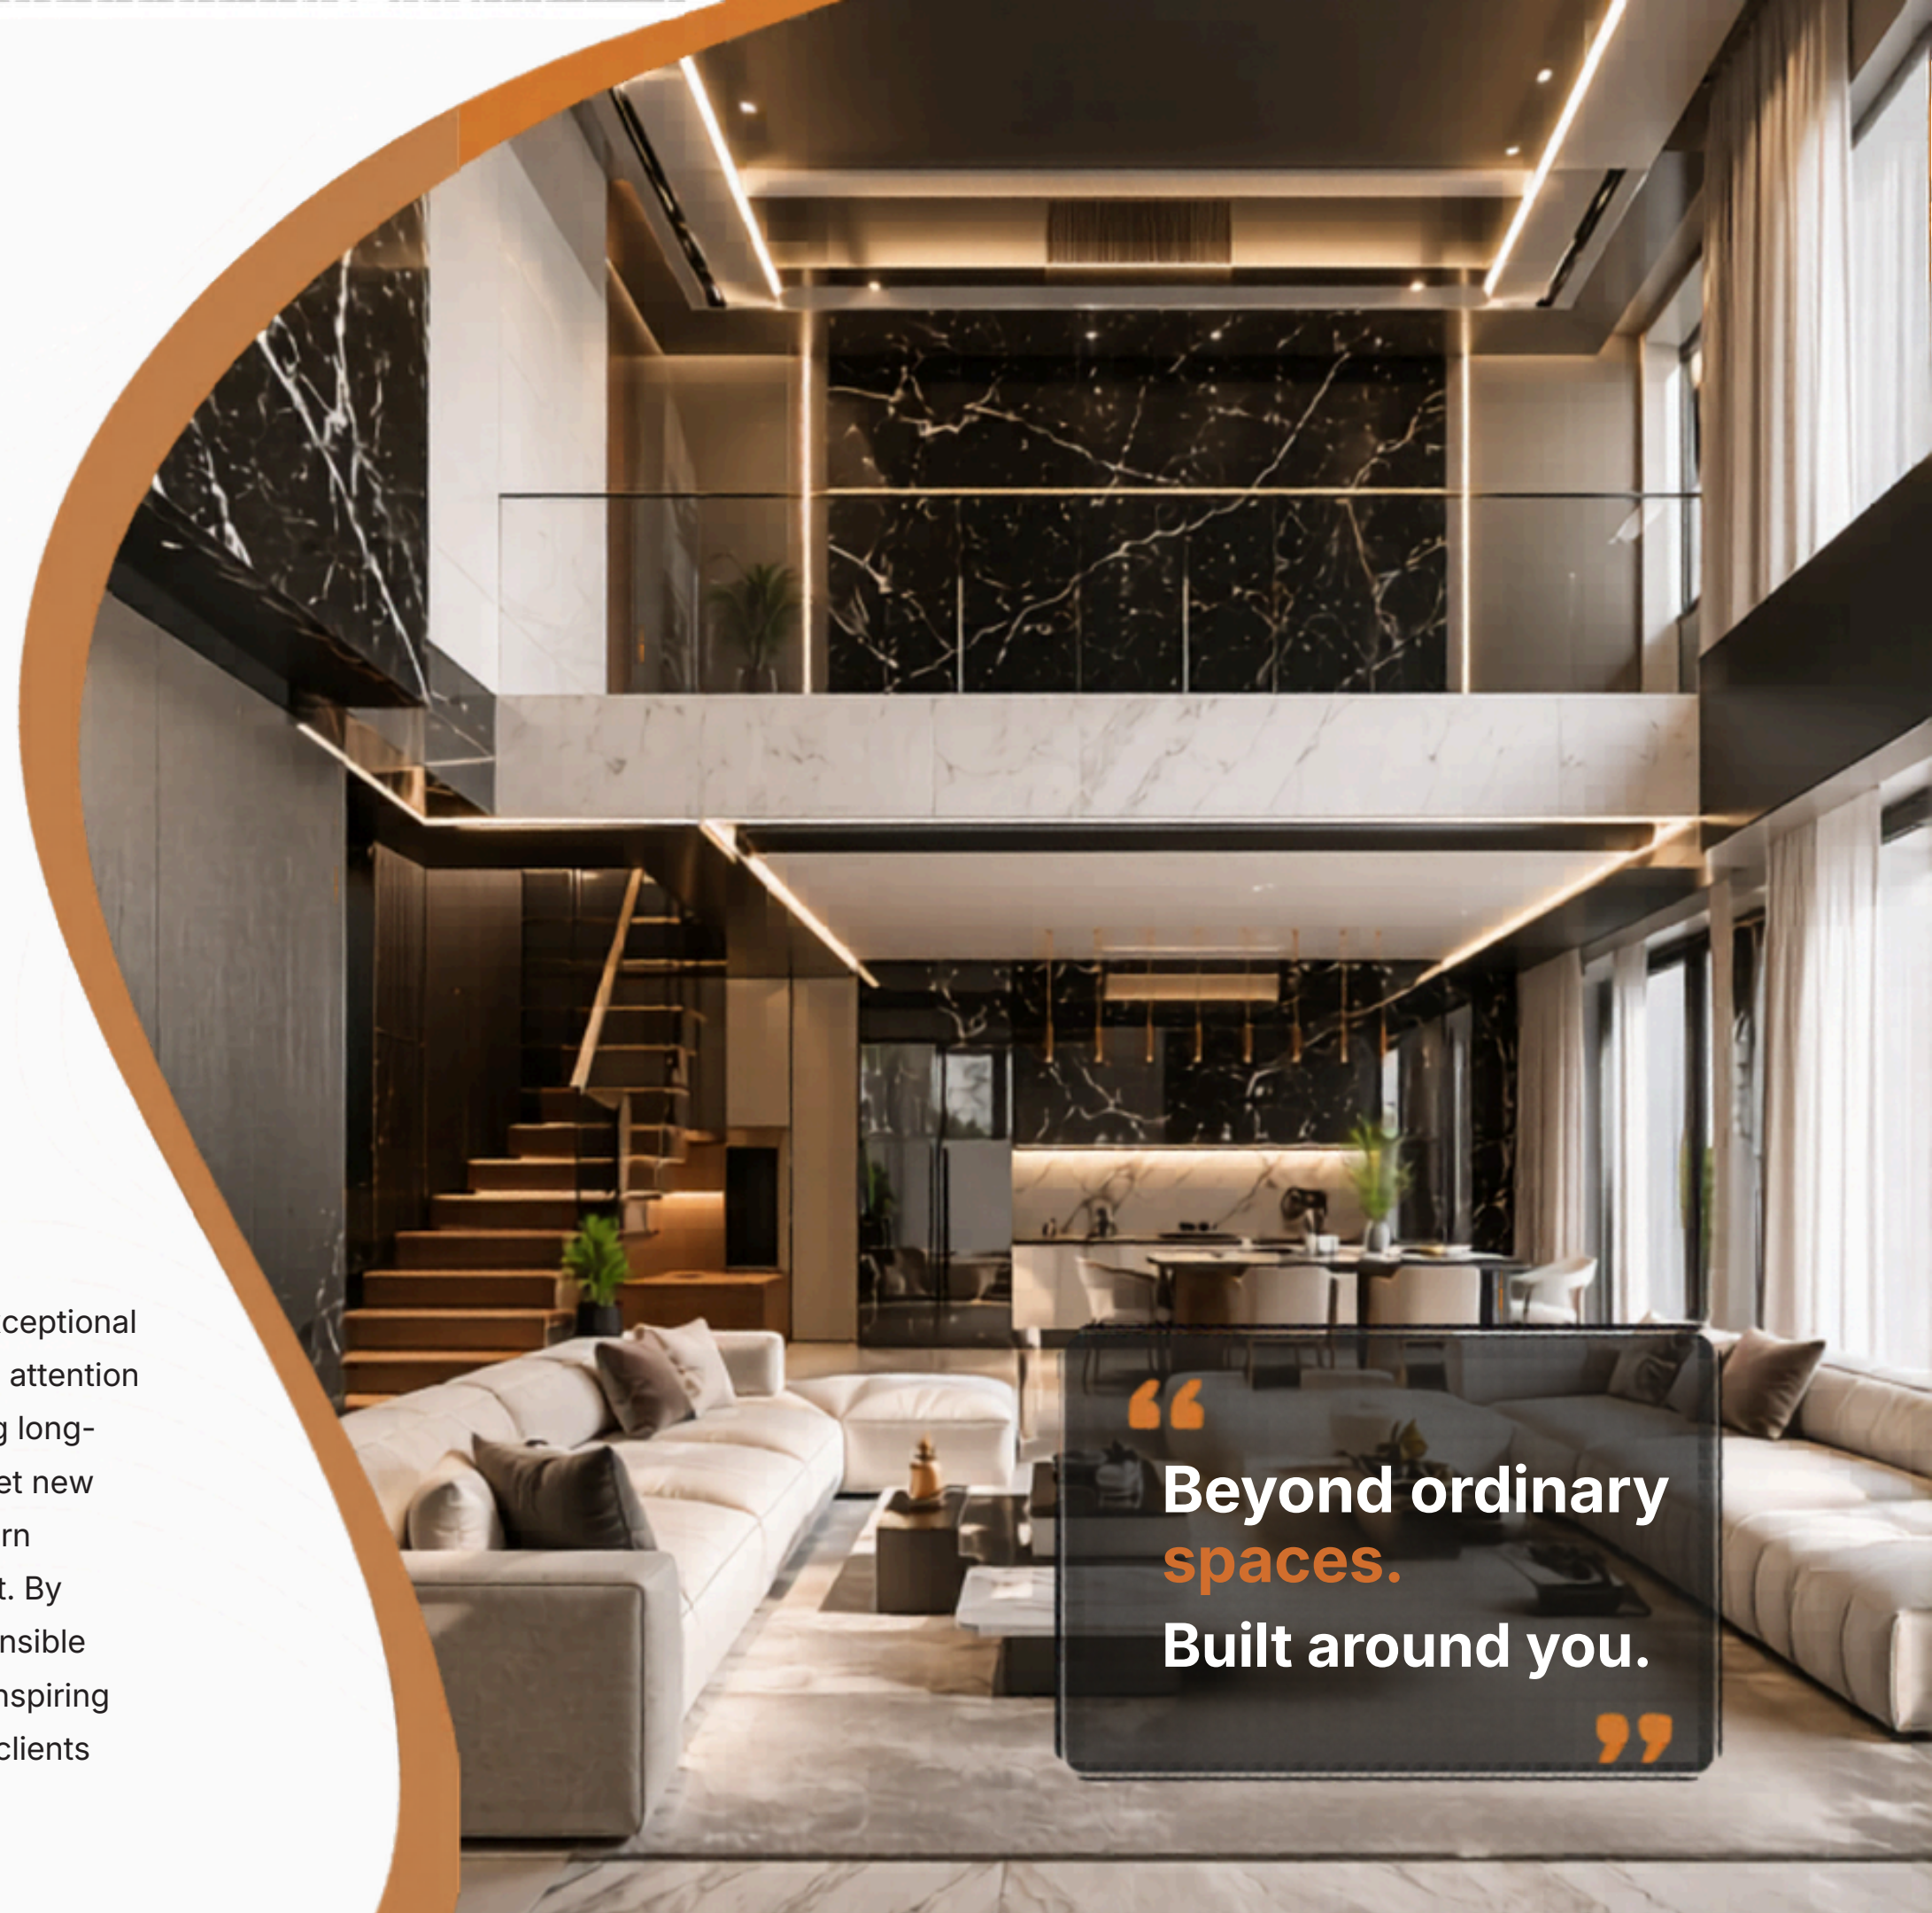

About Us

Ebony Designers International Studio Pvt Ltd is a premier interior design and space solutions company based in Kelaniya, Sri Lanka, delivering international-level designs for homes, apartments, hotels, and commercial buildings. Our expertise extends beyond interior designing to include complete construction coordination, custom furniture manufacturing, décor detailing, and curated accessories.

Every project reflects a seamless blend of global trends and local craftsmanship, ensuring spaces that are elegant, functional, and built to the highest standards. From concept development to final execution, we provide comprehensive solutions tailored to each client's vision, lifestyle, and brand identity.

Goal

To become a globally recognized leader in the interior design industry by delivering exceptional spaces that consistently exceed client expectations through innovation, creativity, and attention to detail. We aspire to expand our presence across international markets while building long-lasting relationships based on trust, professionalism, and excellence. Our vision is to set new industry benchmarks in quality craftsmanship, sustainable design practices, and modern turnkey interior solutions that seamlessly combine functionality, elegance, and comfort. By embracing evolving design trends, advanced technologies, and environmentally responsible approaches, we aim to transform residential, commercial, and hospitality spaces into inspiring environments that reflect individuality, enhance lifestyles, and create lasting value for clients around the world.

“Beyond ordinary spaces.
Built around you.”

ASIAN ACHIEVERS AWARD 2026

1. CAN YOU GIVE A BRIEF INTRODUCTION OF YOURSELF? ARWENESS

I'm Radika Prabath Amarasiri Managing Director of Ebony Designers International Studio Pvt Ltd. I'm an interior design specialist qualified product architect with over 30 years of professional experience across Sri Lanka, Australia, and the Middle East, spanning furniture retail, manufacturing, and lifestyle products designing. My journey includes nearly 7 years at IKEA Group Australia as Retail Concept Manager, 6+ years heading Abans Homes Instyle Furniture Division, and leadership roles at Alpha Industries. In January 2023 | launched Ebony Designers to apply those global retail and manufacturing standards to Sri Lanka's luxury interior market. Today we operate from a 6,500 sqft factory in Horana delivering high-grade interiors to clients in Sri Lanka, Maldives, Mauritius, and the UAE.

2. WHAT IS YOUR CORE MISSION AND VISION IN YOUR FIELD?

Mission: To bring world-class retail discipline and manufacturing precision to Sri Lanka's interior industry. Having managed sales targets and retail concepts at IKEA and led Abans' furniture division, I know what global customers expect. Our mission is to deliver that "IKEA-level consistency" and "Abans-level trust" with bespoke, export-grade craftsmanship - all Made in Sri Lanka.

Vision: To build South Asia's most respected design-manufacturing brand. We want Ebony Designers to prove that a Sri Lankan company can compete with European and Middle Eastern suppliers on quality, lead time, and design - while training local talent to global standards.

3. WHAT HAS BEEN THE MOST IMPORTANT FACTOR CONTRIBUTING TO YOUR SUCCESS?

Corporate experience meets entrepreneurial execution. My years at IKEA Australia taught me retail excellence, supply chain discipline, and customer psychology. Leading Abans Homes Instyle gave me deep insight into Sri Lankan market demands and large-scale furniture operations. At Alpha Industries, I learned manufacturing efficiency. I combined all three at Ebony Designers: we run our factory like a global retail brand-AutoCAD-driven design, hightech machinery, higher quality materials and advance manufacturing technology but with the agility of a startup. That's why we delivered furniture to villas in Mauritius apartments in Maldives within 12 months. Global playbook ownership.

4. HOW DO YOU SEE YOUR CAPABILITIES EVOLVING IN THE FUTURE?

My corporate background gives us a clear roadmap:

Retail Expansion: Launch Ebony lifestyle showrooms modeled on my IKEA & Abans experience.

Export Growth: Leverage Middle East & Australian networks to enter UAE, Saudi, and restart Australia.

Manufacturing Tech: Introduce smart kitchens and sustainable boards - trends I saw emerging in Australia 10 years ago.

Talent Development: Create an academy to train designers in AutoCAD, business strategy, and retail concepts - the skills that shaped my career.

We're not just building interiors. We're building an ecosystem that can scale across the Indian Ocean region.

5. THOUGHTS ON ASIAN ACHIEVERS AWARD FOR PROVIDING THIS OPPORTUNITY?

I'm sincerely honored. After 30 years across IKEA, Abans, Alpha, and now Ebony, I've learned that recognition fuels ambition. The Asian Achievers Awards celebrate not just personal journeys, but the possibility that Asian professionals can lead global industries. For me, this validates a career spent bridging Western retail standards with South Asian entrepreneurship. Thank you for spotlighting stories that prove our region's talent is world-class. I hope my journey encourages other corporate professionals to build their own legacy.

MANUFACTURING EXCELLENCE

BUILT BY HAND. PERFECTED BY MACHINE

Our 6500 sqft factory in Horana is run by experienced staff and management with 30+ years in the industry. EDB- pproved for export, 45 min from Colombo Port for faster shipping to Maldives, Dubai, and beyond.

Capabilities:

- **CNC & Laser Cutting** — 0.1mm accuracy for precise panels and intricate designs.
- **Automated Edge Banding** — seamless, waterproof joints built for humid climates.
- **PU Spray Booth** — dust-free, 5-coat automotive finish for 10+ year durability.
- **Experienced Production Team** — skilled craftsmen supervised by international-standard management.
- **International Quality Control** — multi- stage inspection before packing.
